

Air 1 is an awesome thing for me to be able to access in my community. It brings me up lifting music and has helped me make it through hard times. Many people in my communtiy listen to Air 1 and if Air 1 is taken off of the air by you, you will be robbing my community of a wonderful source of encouragement. Local communities need up lifting and encouraging music, there have been many people that have called in to tell the DJs that they were on the verge of suicide, but a song on Air 1 helped them change their mind. I feel that replacing Air 1 FM for LPFM will have negative impacts on many communities around America. Air 1 is commerical free, meaning that WE the listeners support it, if we wanted it off we would not support it. It provides encouraging lyrics that promote people to care for each other and be good law abiding people. I do not see why anyone would want to take something like this off of the air, especially in times like these. Please allow us to keep our wonderful Christian music.
